Empathy Map

Understand the intended traveler from four perspectives: Say, Think, Do and Feel. These are illustrative design assumptions, not interview quotations.

SAYS

- I want a useful itinerary without hours of searching.
- Keep the plan within my budget and preferred pace.
- I need an easy way to share plans and use my calendar.

THINKS

- Will the schedule allow enough transfer time?
- Will meals and activities suit my interests?
- Can I change a plan if my priorities change?

PERSONA NAME (Role / User Type)

DOES
